

OpticSlim 2680H

❖ SOFTWARE

DocAction

Plustek DocAction
Button utility to simplify document scanning. DocAction enables you to specify your personalized scanning configuration settings and scan documents with the click of a button. Scanned documents are automatically sent directly to Printer, Email, Folder or FTP. DocAction also enables you to scan directly to many imaging and document management applications. DocAction saves scanned documents in all common imaging formats including JPEG, TIFF, and PDF.

❖ BUILT-IN OCR

Plustek OCR

Plustek OCR *
Plustek OCR (powered by ABBYY) helps to convert scanned paper documents, photos, and PDF files into editable formats. With Plustek OCR, you can convert paper documents to editable formats, including Microsoft® Word®, and Excel®, edit resulting documents, and reuse their text and other content.

Hardware Requirements

Pentium® IV 2.4 GHz processor
DVD-ROM Drive
One available USB 2.0 Port
1GB RAM (2GB or higher recommended)
2GB free HDD space (3GB or larger recommended)

OpticSlim 2680H

plustek

OpticSlim Series

Simple and Fast for Everyday Scanning and Sharing

Plustek OpticSlim 2680H is an affordable and compact scanner to restore, archive and share documents and more. Featuring 3 seconds high speed scanning, 4 built-in smart function buttons (Copy, Scan, PDF and Custom) and 1200 x 1200 dpi resolution, the OS2680H simply transfers the document into digital files.

OpticSlim 2680H has the removable lid to accommodate bulky items and books. Plus OS2680H has the ability to link with other ADF scanners, joining forces to provide user a convenient dual-mode scanning interface and standby operation needs.

❖ KEY FEATURES

- Scans quickly and easily up to 3 seconds (300dpi / Color mode)
- Unique lid design for bulky items
- Supports TWAIN protocol for Windows 7/8/10
- Built-in USB2.0 hub for easily connecting ADF scanner

4 smart function buttons

- Copy:** Scan images directly to the printer.
- Scan:** You may customize this button function to meet your applications.
- PDF:** Convert images to text documents created by the scanner into searchable PDF or PDF image files.
- Custom:** Place a key feature set (Copy, OCR, PDF, E-mail, Scan, File), allowing you to scan more conveniently and easily.

Edit file with Excel and Word

With the OCR (Optical Character Recognition) function that recognizes up to 183 languages, the OS2680H helps you transfer your data from paper to Excel, Word or CVS format.

Customize the file name

Manage your scanned documents with your own prefix name to help you save time and stay organized with your scanned data.

Unique Lid Design

90 degrees foldable flip cover, easily scan thicker books, magazines, and other 3D objects.

Image processing

Software can auto rotate, deskew, and crop images. Helps the user save time and get an ideal picture.

Auto Image Cropping

With Auto Crop feature, it can remove the black boarder when scanning.

Multi-Pages Scanning

Scanning multiple document pages into a single PDF file.

Multiple Cropping

Be able to crop and create multiple images according to the original sizes of the documents in one single scan.

Character Enhancement

Improves accuracy during OCR (Optical Character Recognition) scanning by eliminating the document's background from the scan.

Save paper documents as searchable PDFs at the touch of a button and find your information faster.

The green design long life LED light source provides instant-on scanning with no warm-up and uniform illumination of book pages.

Optical Character Recognition function that helps to convert scanned books and paper documents into searchable PDF and Microsoft Office file formats.

Automatically straightening an image that has been scanned, to make the scanning job more pleasant and enjoyable.

Provide automatically removal of the outer parts of scanned image, to improve framing without using any extra image editing software.
